

Event Management & Motivational Speakers

From a community barbecue, a private box to spoil your clients at the rugby, that once in a life time wedding to a 5-day corporate annual conference, Elite has the network to make your event successful and memorable.

Our personnel will assist with planning, strategic marketing and sponsorship negotiations, statutory regulatory requirements, client negotiations and budget preparation. We also provide professional speakers (including Olympic athletes) and event co-ordinators trained and experienced in delivering the event on time, within budget and to the satisfaction of event sponsors.
